By email only: Planning Department, planninginfo@midsussex.gov.uk

Thank you for requesting advice on this discharge of condition from Place Services' ecological advice service. This service provides advice to planning officers to inform Mid Sussex District Council planning decisions with regard to potential ecological impacts from development. Any additional information, queries or comments on this advice that the applicant or other interested parties may have, must be directed to the Planning Officer who will seek further advice from us where appropriate and necessary.

Application: DM/25/1929
Location: Ibstock Kevington Building Products Ltd Ibstock Brick West Hoathly Hamsey Road Sharpthorne East Grinstead West Sussex RH19 4PB
Proposal: Discharge of planning condition numbers 5, 26 and 28 relating to planning application DM/23/0827

Thank you for consulting Place Services on the above discharge of condition application. We can only comment on conditions related to ecology.

Conditions

Condition 28: Recommend discharge

No part of the development shall be first occupied until such time as a lighting design scheme for biodiversity shall be submitted to and approved in writing by the local planning authority. The scheme shall identify those features on site that are particularly sensitive for bats and that are likely to cause disturbance along important routes used for foraging; and show how and where external lighting will be installed (through the provision of appropriate lighting contour plans, Isolux drawings and technical specifications) so that it can be clearly demonstrated that areas to be lit will not disturb or prevent bats using their territory. The lighting shall be designed to Institute of Lighting Professionals light control zone E1 standards

(with regard to skyglow/ULR, light temperature, and heights/design of light fixtures) to protect the intrinsically dark night skies of the High Weald AONB.

All external lighting shall be installed in accordance with the specifications and locations set out in the scheme and maintained thereafter in accordance with the scheme. Under no circumstances should any other external lighting be installed without prior consent from the local planning authority.

Reason: To allow the LPA to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), the Wildlife & Countryside Act 1981 as amended and s40 of the NERC Act 2006 (Priority habitats & species) and to accord with Policy DP38 of the District Plan.

Comments

We have reviewed the Proposed Lighting Scheme Revision A Project Ref 25-213-1A (DW Windsor, July 2025) which has been submitted in order to discharge Condition 28.

We are satisfied that the submitted information includes the detail required for this condition.

Recommendation

Subject to implementation in full of the submitted details, we recommend discharge of Condition 28.

Please do not hesitate to contact us if you have any queries in relation to this advice.

Yours sincerely,

Hamish Jackson ACIEEM BSc (Hons)
Senior Ecological Consultant
