Description of Proposed Works

Please describe the proposed works

Addition of solar panels to existing slate roof (Keymer conservation area). 14 panel solar system to be fitted on east facing roof of the dwelling which faces onto the end of the unadopted spur off of the main part of lodge lane. The property is on the very edge of the Keymer conservation area but is not visible from the main part of Lodge Lane. The panels will be all black with no cell division or central lines in order to reduce the visual impact against the slate roof.
