Please identify the tree(s) and provide a full and clear specification of the works you want to carry out	The tree is a large mature oak tree situated just behind the fence at the boundary of my back garden at St Dunstan's Church. The tree is in a wooded area and I have spoken to the owner who is very happy for me to prune it back just on my side because it heavily overhangs my garden. The idea is to crown raise the tree so that it's hanging 4-5 metres above the ground in my garden. It hasn't been pruned for many years and is in need of attention. The church is in the process of being re-named St Dunstan's Cottage and being converted into a dwelling.
