Subject: DM/25/2884 Land Adj. To 48 Wickham Way, Haywards Heath

Dear Stefan,

Further to my previous comments and considering the '*Landscape and Planting Addendum – Revision in Response to Tree Officer Comments*' document now received, I note that the revised species selection is much more appropriate and will suitably mitigate the loss of the trees.

I have no objection.

Please condition adherence to the '*Landscape and Planting Addendum – Revision in Response to Tree Officer Comments*' document.

Kind regards

Emma
