Comments Details

Comments:	The Town Council supports this application in principle but is extremely disappointed by the lack of affording housing in the proposal. The Town Council strongly feels that affordable housing is a vital element to development, particularly in this area, and does not wish to see a commuted sum given in lieu of affordable housing. Additionally, the Town Council would like to see a Construction Management Plan submitted which protects the existing residents of Central House from undue disturbance. The Town Council also requests that screening trees at the rear of the site be protected.
