Reasons for comment:	
Comments:	A very appropriate application for the location. This is a far better option for the site than the previous approved application for a commercial unit with over 80 parking spaces. Greatly reduce the vehicle movements in comparison with the commercial building. It is a very reasonable development that is very close to the Burgess Hill 2030 development zone. The rural high quality character of the house designs enhances an ugly blot on the landscape that has been on that site for many years. Altogether a very welcome upgrade to the area.

Kind regards
