TPO Details

Are you seeking consent for works to tree(s) subject to TPO	Yes
Are you wishing to carry out works to tree(s) in a conservation area?	No
If you know which TPO protects the tree(s), enter its title or number	
Please identify the tree(s) and provide a full and clear specification of the works you want to carry out	The tree is the only tree within the garden, or in the surrounding gardens so should be easy to identify. However, if you are looking at it from the patio doors or from the house-end of the garden, it is in the left corner of the garden. The works that needs to be carried out is: - General reshaping due to overgrowth since last trim - Raising the crown to clear low branches and allow more sunlight into the garden for the new turf in the evenings - Reducing the crown due to over growth and again to allow more sunlight into the garden for longer period of the day - Thinning where applicable

Additional Information

Sketch plan clearly showing the position of trees listed in the previous question	Sketch.png (download)
	We have recently moved into the property (November 2025) and would like to address the tree for Summer. I have heard various answers when it comes to when this was last done, from 2020 to 2014 and also that the previous owner did not do it at all.

Please provide a reason why you wish to perform these works	We would like to get the tree into a healthier shape and then do regular upkeep on it, while also allowing as much sunlight into the garden for as long as possible throughout the day, we are starting to attempt to make our garden into an "actual" garden with turf and beds and need want to support that as much as possible.
