Attachments: Provision of toilets in food establishments in Mid Sussex June 2014.pdf

Dear Andrew,

I would like to bring to your attention the Mid Sussex adopted standards for the provision of toilets in food establishments. Please see attached.

The proposed extension and raised seating area will increase the number of customers on the premises. The number of toilets provided should be in-line with Section 1(a)

I would be grateful if you could raise this with the applicant and ensure that a sufficient number of toilets are available.

Kind regards,

Eve Newman
