Reasons for comment:	
Comments:	This development is not necessary in this beautiful area - we already have woodland and walks which is looked after by the local community - this development will only serve to cause more traffic problems - parking problems to an already over developed area - and will clearly be a jump in the wrong direction to further development in the future on this land - presumably the fairfax developers are using it as a dumping ground for their planned building works in ansty - which will cause noise pollution and dust pollution during its building

Kind regards
