Dear Steph,

Further to the email below I have today approved the Landscape Enhancement Scheme as submitted. I note the planting schedule but can you confirm whether this is likely to be the in the final part of the current planting season (before end of March 2026) or is more likely to be in the 2026/27 planting season? The Council would wish for the planting to take place at the earliest opportunity noting the recommencement of the build.

On the build the Council is likely to visit to assess compliance with the approved planning permission and that such a visit is likely to be made in the next 14 days. If you wish to arrange a time and date for the visit then do let me know.

If you could confirm the planting schedule it'd be appreciated.

Kind regards
