Good afternoon Joanne,

Thank you for consulting us on the above application. I can see that the NatureSpace report has been submitted and uploaded to the portal, however I cannot see the applicant's impact. Just as a reminder, **both of these documents** need to be submitted into planning in order for me to authorise the development when/if planning consent is given. Otherwise I can confirm that the correct report has been submitted, please see my email dated the 16th March for more information regarding condition wording,

Best wishes,
