---

### Comments Details

**Commenter Type:** Neighbour or general public

---

**Stance:** Customer objects to the Planning Application

---

**Reasons for comment:**

**Comments:** The proposed plans show two house to the rear plot which I feel is over development on the site and being to close to the boundary fence  
More traffic will be an issue due to the single stone track and this would need to be widened for the more cars using the road and to get fire service up the road as it lined by overhanging trees  
Design access for the drive needs to be redesigned so cars can drive out of the house behind no 6 as this would be dangerous to reverse out

---

Time hung to the first floor would be better than render as the  
maintaince on it is far less and more in keeping with the  
development lower down 3,4,5  
If these are considered I don't think too much issues

---

Kind regards
