Dear Katherine,

Thank you for consulting the Flood Risk and Drainage Team on the above application.

We understand the proposed application is for the erection of new self build dwelling alteration to side elevation of existing house to amend the fenestration.

The application has gone through an initial review and the submitted information is currently insufficient and doesn't meet the minimum requirements as set out in the MSDC Flood Risk and Drainage Information Check List.

The applicant should refer to the MSDC Flood Risk and Drainage Information Check List (Application Stage) and the Strategic Flood Risk Assessment Map - <https://www.midsussex.gov.uk/planning-building/flood-risk-and-drainage-for-planning/>

Best Wishes

Flood Risk and Drainage Team
Estate Services and Building Control
