Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I believe the development will certainly be a significant improvement to this long overdue eye-sore in the heart of the village. I like the public realm improvements suggested and the potential for commercial/community space. However, I believe the height of the development is probably too imposing and would welcome a rethink by the developer that might reduce the height of the building.

Kind regards
