Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	The newsagent has been a valued asset the village for over a decade brings much needed shopping essentials to locals as well as support for the vulnerable who are not able to travel. The expansion of the shop would facilitate much needed space for easier access and allow a larger shopping area and a larger variety of goods that are not available at other amenities in the village. Since the expansion does not affect the front part of the

store there would be little to no impact on parking or arriving goods vehicles.

Kind regards
