Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I homely support this application. The family have been here for many years providing essential services for villagers in Habdcross often going above and beyond any normal measures to help local residents They recanting during Covid ensuring those in need were helped. The application does not affect the high street from the front of the road, and will give the family the opportunity to expand the business allowing more customers with mobility issues the ability

to move around the store more easily
It will also allow them to continue trading against a recently
opened chain store which has a very different feel to it to the
newsagents.

Kind regards
