Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to the change removing solar panels from the planned provisions for the new development. Heat pumps and EV charging all add to the draw on already stretched local power supply, which would have been offset by the provision of solar panels on the new homes. This is a cost cutting exercise from the developer to maximise profit.

Kind regards
