Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	When the 108 dwellings were approved, against the wish of the villagers, one of the main reasons was the infrastructure, especially water and electricity supplies. We were ASSURED that the houses would have solar panels so would not infringe on our supply. Now they are proposing to not fit solar panels, I see this as a cost saving action. Perhaps they should cut the number of houses as well!

We have an erratic electric as it is, but with ANOTHER 108 dwelling also rely on it, it will be horrendous.

All my points that I have written before against this development still stand, ACCESS to the site, INFRASTRUSTURE of roads, electricity supply, water outages, sewerage, doctor places available, school places and parking spaces still stand.

Kind regards
