Reasons for comment:

Comments: The impact of additional traffic with roads that cannot support two way passing. The pollution to a green area where people's wellbeing will be affected. The lack of infrastructure not enough doctors, school places or other amenities. The ruining of a village turning into a mini town which is not big enough to handle a population growth of this size plus the number of vehicles people will have that will cause chaos around local roads and damage the calm streets near the bluebell railway. Listen to the people please

- this is a disgraceful example of ignoring our environment and me
talking health.

Kind regards
