PARKING SPACES - ORIGINAL LAYOUT

Plot 4 - 1 Space + Garage

PARKING SPACES - PROPOSED LAYOUT

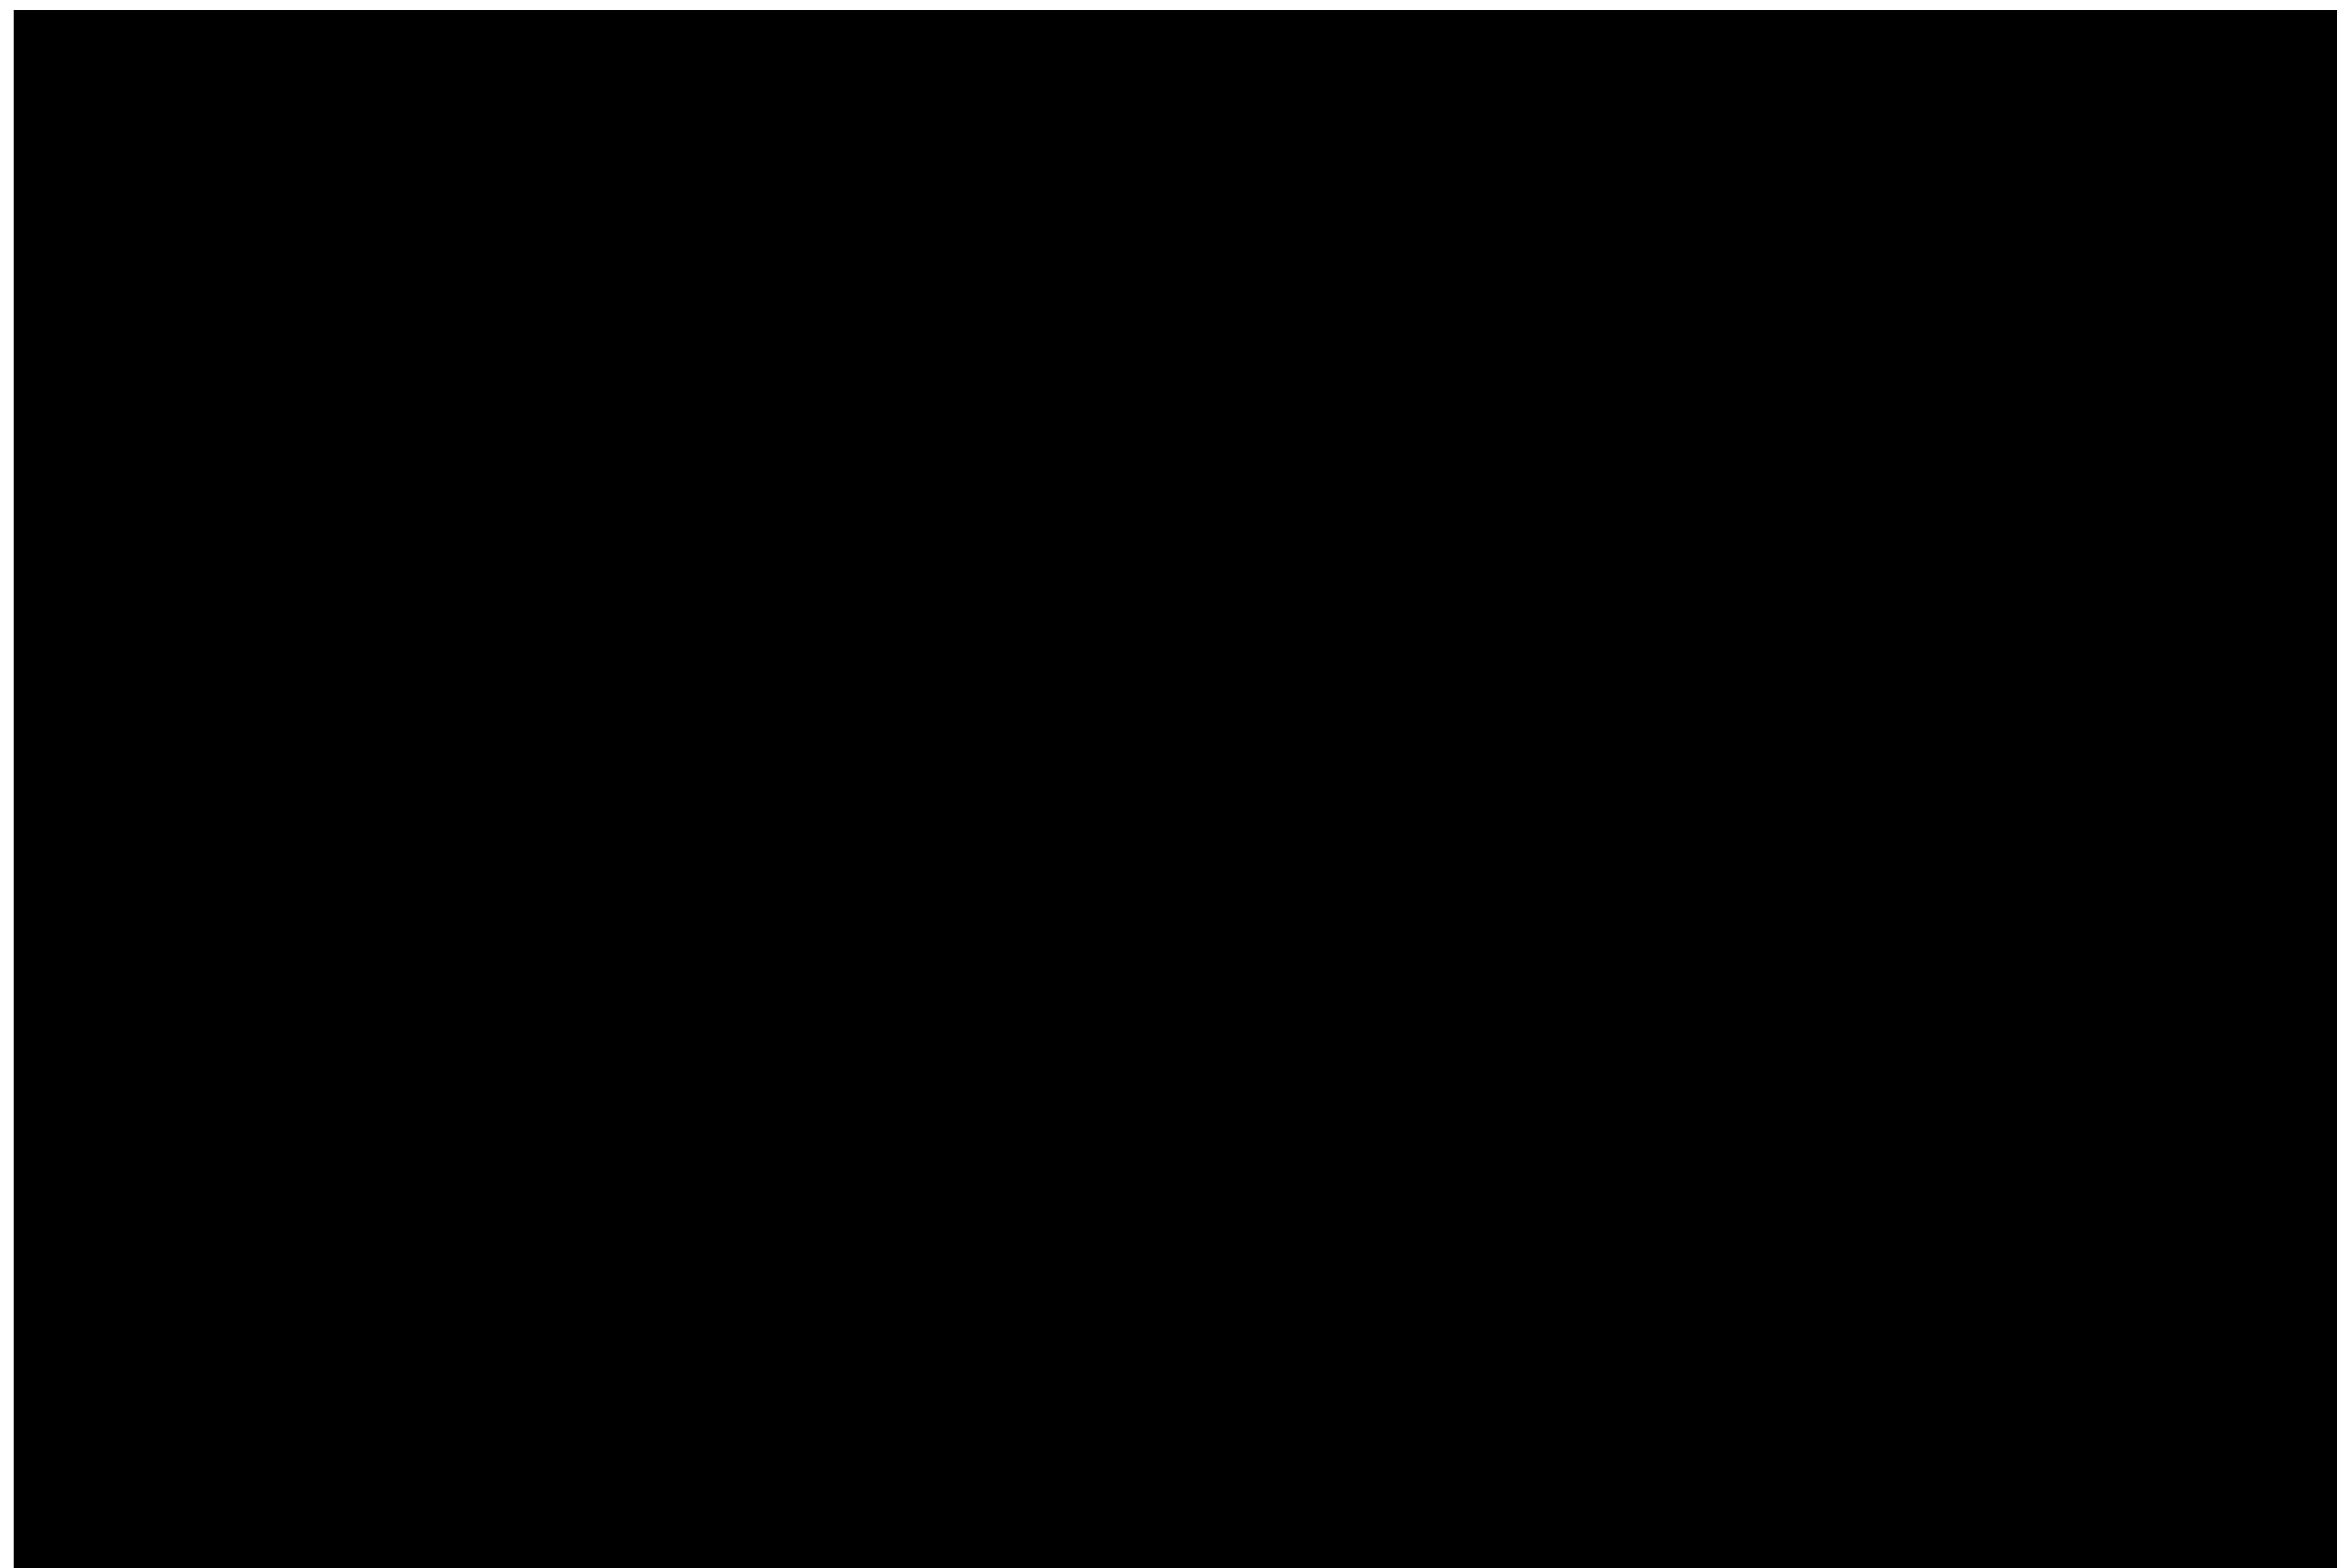

Plot 4 - 2 Spaces + Garage

NB: West Sussex County Council Parking Standards has a requirement of a minimum 2.7 Parking Spaces per dwelling for a 5 bedroom house. The original layout does not meet current WSCC parking standards and has resulted in people parking on the roads and or pavements. Most dwellings on the development have only 1 parking space + garage unless they have amended the landscaping resulting in additional parking spaces being created.
