### Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I've see this proposal and although the current premises definitely need developing, I don't actually oppose the idea in principle. I do however strongly object to the development having four floors. This is totally out of keeping with the surrounding properties and will destroy the nature and appearance of our village centre. I note that there is upwards of 25 undercover parking bays on the plans ...this is inadequate , but if the proposed plan has the uppermost storey omitted then the onsite parking should be adequate for
-----------	---

both residents and staff alike. We are only too aware of current plans to charge for car parking in Hassocks. This fact will only make matters worse for the continued prosperity of Hassocks. Please consider this planning proposal without its top floor!

---

Kind regards
