

Notes

1. The survey grid is on an arbitrary rotation and origin. It is not based on Ordnance Survey.
2. Surveyed boundary features are not necessarily legal boundaries.
3. Dimensions should not be scaled. All dimensions should be checked on site before any fabrication / construction.
4. Copyright of all data produced by RMS shall remain with RMS unless otherwise specifically agreed.
5. Information provided should not be altered or modified in any way. It should not be used for any purpose other than for which it was intended and should not be issued to other parties without prior agreement of RMS.
6. RMS cannot accept responsibility for any damage to computer systems which may result from viruses which may be contained in the data provided.
7. If the AutoCAD drawing is being read by any system other than AutoCAD it should be checked against a hard copy. RMS cannot accept liability for conversions.
8. All utilities have been identified to the best of the surveyors knowledge. The correct identification of the utility types can not be 100% guaranteed, therefore these should be independently verified prior to use in any design and building works. All pipe diameters and levels are assumed to be correct, however due to any entry to inspection chambers, these should be verified before any works commence. All drainage connections shown are sounded only. They have not been water tested. Services may be located by other means and/or building materials etc.
9. External ground levels are surveyed to ground level position. Contours, if applicable, are not shown over hard standing, gravel, tarmac or other paved surfaces.
10. Contours, if applicable, are not shown over hard standing, gravel, tarmac or other paved surfaces.
11. Preliminary data is generally unchecked therefore it is not guaranteed.

Level Datum

ALL LEVELS ARE BASED ON TBM LOCATED ON THE VALUE = 50.000

Building Survey Key

HEIGHTS	LEVELS
AS Inside of Arch Crown	ASL Arch Crown
ASL Inside of Arch Spring	ASL Arch Spring
C Ceiling	C Ceiling
CF False Ceiling	CF False Ceiling
