Dear Stuart

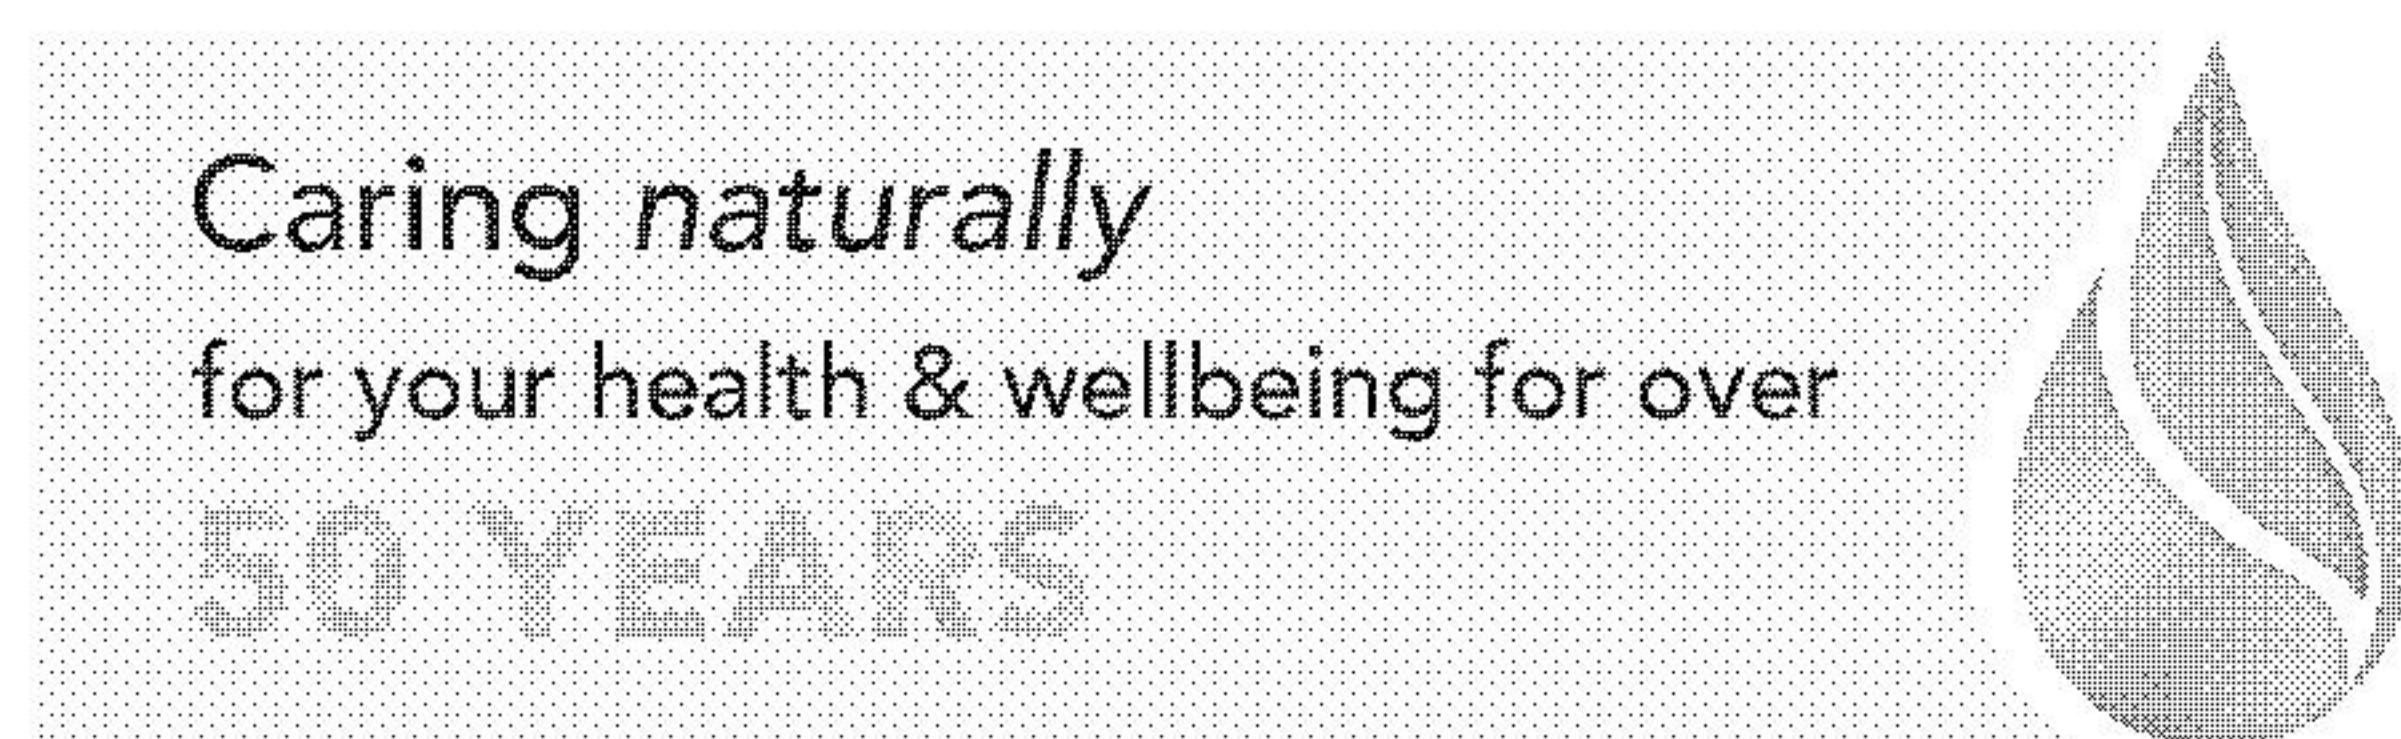

We are in receipt of a letter regarding the above planning application and would like receive clarity on the points below:

How will this affect the existing roads.  
How will the roads cope with the extra traffic.  
Where will the access to the new development be.  
How will this affect street parking.  
How will this affect access for existing businesses.  
How will this affect the electricity supplies to existing businesses as we have experienced loss of business through power cuts when the last house development was being built.  
Will existing businesses experience the disruption to work, i.e. constant banging which caused our building to shake, making it very unpleasant to work in. We also experienced problems with our drainage and cracks have appeared in our building that were not there before the building work began.

Thank you for your assistance in this matter and I look forward to hearing from you.

Kind regards

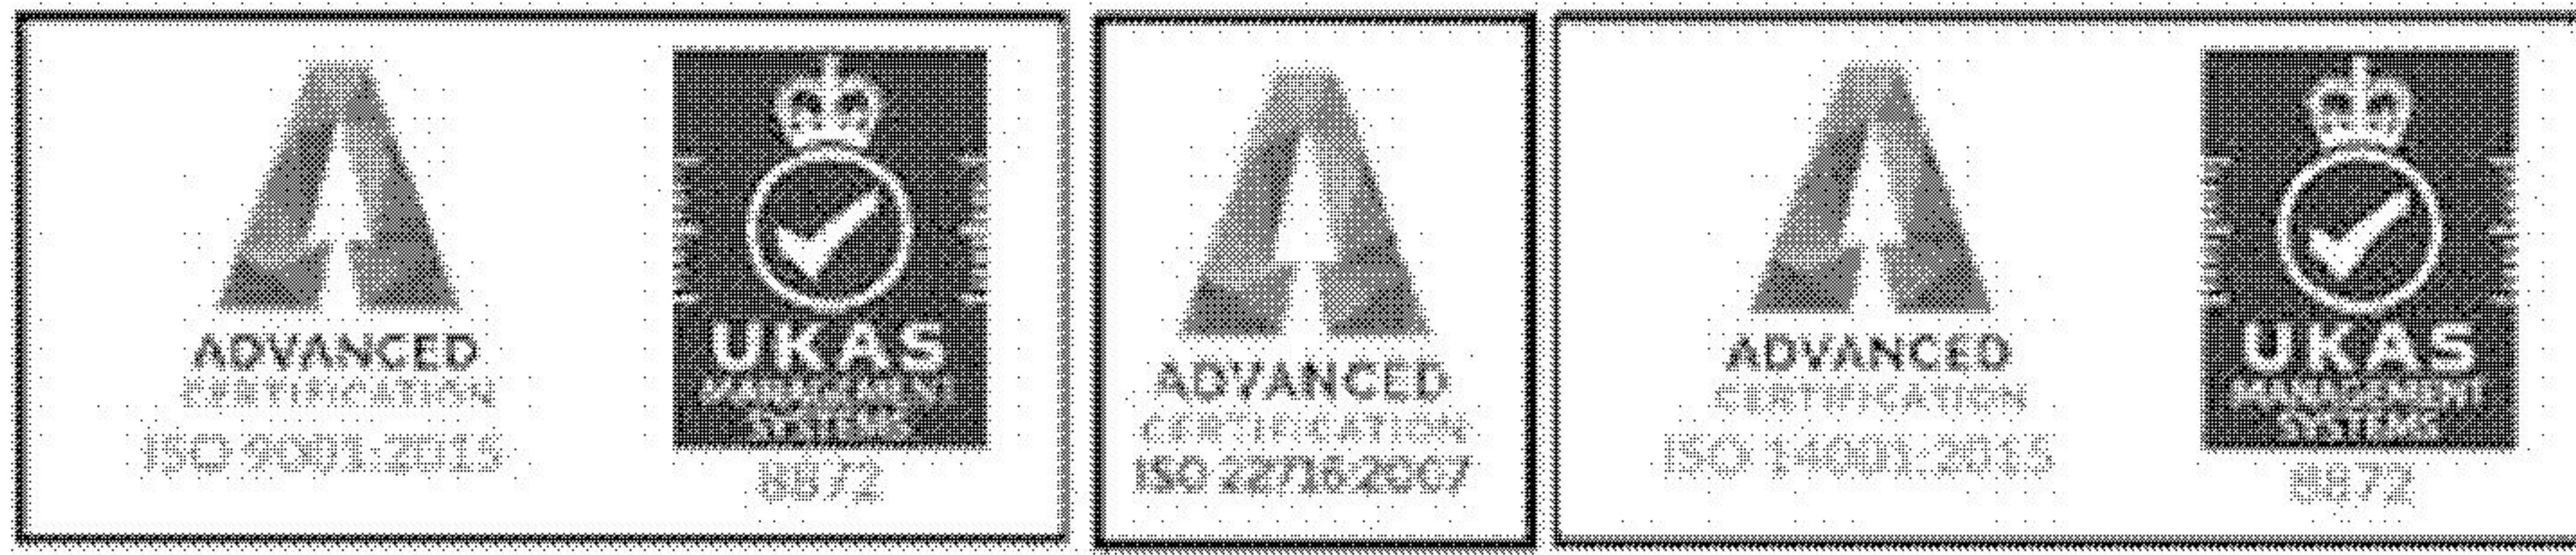

[REDACTED]  
Office Manager, PA & Senior HR Administrator

My hours of work are 08:45 to 16:15 Tuesday to Thursday

First Natural Brands Ltd
