Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	My objections to the Mast are as follows: - - Too close to housing - Out of character for area - especially its height - Possible noise pollution - hum from equipment - Possible light pollution - security lighting - Possible interference - for nearby aerials and sky dishes facing the tower - Liable to vandalism - nearby properties have been

vandalized.

- Ecological report refers to land north of Grange Close. The Mast site is north-west of Grange close and the other side of the railway line

Kind regards
