Comments Details

Worth Parish Council supports this application. WPC notes the significant level of public support submitted in respect of this application and recognises the potential community, health, wellbeing and economic benefits that the proposed facility could bring to the area.

Comments: Whilst acknowledging the positive public response, the Council would ask Mid Sussex District Council to ensure that appropriate consideration is given to:

Highway safety and vehicle movements on Turners Hill Road and the surrounding highway network.

Adequacy of parking provision and measures to prevent overspill parking on nearby roads.

Any potential impact from lighting, noise and activity on neighbouring properties and the wider rural setting.

Landscape impact and the effectiveness of any proposed planting and screening.

Sustainable travel measures, including cycle parking and pedestrian access.

Drainage and surface water management arrangements – Turners Hill Road and the access road to the application is known to flood in this area.

Kind regards
