Morning Stuart, thanks for this.

I've no further comments. I'm happy for the condition to be discharged based on the original CEMP and supplementary information in the email below.

Kind regards

Ian Gledhill

Hi Stuart,

In response to comments from WSCC on the CEMP (Condition 8 - DM/25/0832) (Comments attached for ease), please see attached Traffic Management Plan showing vehicular route within the site, materials storage facilities and site office/welfare parking i.e. away from nearby residential properties.

Reference to wheel washing is already made within the submitted CEMP at para 2.3.1, Table 2 and also within the Environmental Management Matrix (page 23).

Finally, we can confirm that visitors to the site are advised, as part of their instruction and/or Purchase Order, to depart towards the A22 (east) or via the B2028 towards the M23 (west).

I hope the above is sufficient to allow approval of the CEMP.

Kind regards  
Tracy

Hi Tracy

Its just the attached I have had back so far, and this requires attention.

I'm on leave now, but comments should be put online in my absence so keep an eye out!

Kind regards

Stuart

Hi Stuart,

I just wondered if you've had any feedback on our applications to clear conditions, particularly on condition 11 (DM/25/0515) for the heritage report as we need to book in the photographic report and also conditions 15,16 and 17 (DM/25/0678) so that we can apply for the ecology licences.

I know you're pretty good at getting information onto the website, but just in case there's something that you know that's not on there!

Thanks

Tracy
