Dear madam/sir,

Further to my objections to this proposal and your letter dated 6th May 2025.

I am astounded that this proposal is still up for consideration! There are already three food shops in the village, yet none on the new development!!! The junction by the pub is dangerous enough, with a bus stop outside the estate agents, with vehicles pulling in and out and then turning into Brookhill Road. With new dwellings and yet another shop, and the additional carnage waiting to happen, this application is NOT a good proposal for our village.

Yours faithfully
