Reasons for comment:	
Comments:	I understand that the sound readings submitted by the developer are not a reflection of the noise that the courts will generate. Therefore the amount of noise that's going to be generated everyday when the courts are fully utilised (as I understand the courts will be open from 8am and 10pm) is not acceptable. In addition residents currently enjoy the gardens/quiet environment will be affected as there will be continuous noise from the courts. Also parking will be an issue as the users of the courts will just

park anywhere they find space including visitors space. All this will impact on the value of the properties.

Kind regards
