Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to this development as penland green already took away a beautiful part of our countryside and contributed to the flooding of homes on penland road with the water run off resulting in good neighbours going through years of upheaval. the spot at sugworth farm is like a picture postcode of beauty looking across whilst driving past which welcomes me home everyday as did all the trees at penland green that have now been torn down. the roundabout alone took along time to construct and also causing

diversions to many resulting in longer travelling times to and from work so if this were to be altered again would be very frustrating to deal with. I do beleive there is not enough room at harlands school for another development to cope with more pupils. as a resident of penland road the trafic up and down now has definitely increased massively since penland green was built with alot of damage to the road resulting in continuous pot holes and also the speeding on the road has also got loads worse paticularly worrying being a school road and many young children living in the area.

Kind regards
