Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I strongly oppose. The works have been completed over 12 months ago without any consideration for the 4 neighbouring boundaries or any respect for local planning regulations. I've been following up regularly with the local planning office over last 12 months. The occupants at 10 Maynard Street back in March suggested they would be taking the fence down over the next months. After following up on numerous occasions I was then told in May a planning application would be submitted.

The view of the fence from my property is an absolute eye sore and will negatively impact my property when I sell in the future.

Kind regards
