 This sender ILewis@alderking.com is from outside your organisation.

Good morning Stefan,

I have received further responses from the client. Please see them below. I hope this answers all the EHO’s queries now, but please let me know if they need anything else.

- How long it generally takes to unload a double level lorry?
 - Between 60-90mins, depending on if salvage returns are being collected
- How many deliveries are expected at this store each day?
 - On the busier day (Saturday), using DD’s will reduce the deliveries from 6 deliveries to 4 over a 24 hour period
- Whether delivers will be staggered or likely at particular time of day?
 - The deliveries will be staggered (as they are now with single deck trailers). The target times for the deliveries on a Saturday when using DD’s will be 00:30, 02:45, 12:00, 15:00. They are currently (with single deck trailers), 19:45, 21:30, 00:30, 02:45, 12:00, 15:00

Kind regards,
Ifan
