Attachments: Barns Court Phase 1B - Technical Note.pdf

Hi Steven

Hope you are well.

Please can you let us know if you have all the required information to determine this application for layout, massing, scale of phase 1b?

Drainage is a condition to be discharged separate to the reserved matters application, however, attached is a further technical note prepared by our drainage consultants following comments they had made on the phase 1 scheme.

Kind regards

John

Hi Steven

DM/24/2622

Noting that the drainage comments relate to the condition discharge, do you have all the information from us necessary to determine the reserved matters application for layout massing etc of phase 1b buildings M and N?

Kind regards

John
