Dear Jo,

I have reviewed the Arboricultural Report and Survey for this proposal and have no objection.

I note that the report mentions that there is no requirement for an Arboricultural Method Statement for the proposed resurfacing works within the RPA's of the category A and B trees adjacent to the building but also for those along the driveway. I find the detail provided in the Tree Protection Plan and guidance notes sufficient, provided that this methodology is adhered to. Please condition adherence to the Arboricultural Report and Tree Protection Plan.

Kind regards

Emma
