Location: Hampton House High Street East Grinstead West Sussex RH19 3AW

Dear Caroline Grist,

Thank you for your email received 19 February 2026, requesting Natural England's consultation on the above Appropriate Assessment.

Your appropriate assessment (AA) concludes that Mid Sussex District Council is able to ascertain that the proposal will not result in adverse effects on the integrity of the Ashdown Forest Special Protection Area (SPA) and Special Area of Conservation (SAC). Having considered the assessment, and the measures proposed to mitigate for all identified adverse effects that could potentially occur as a result of the proposal, Natural England advises that we concur with the assessment conclusions, providing that all mitigation measures specified in the AA are appropriately secured by conditions in any planning permission given.

If you have any queries, please direct them to consultations@naturalengland.org.uk.

Kind regards,
Bobbi McBride

We strongly recommend using the SSSI Impact Risk Zones (SSSI IRZs) to decide when to consult Natural England on development proposals that might affect a SSSI. The SSSI IRZs tool is quick and simple to use and gives instant planning advice as a formal consultation response in certain circumstances and can reduce unnecessary delays in the planning process.

Natural England offers two chargeable services - the Discretionary Advice Service, which provides pre-application and post-consent advice on planning/licensing proposals to developers and consultants, and the Pre-submission Screening Service for European Protected Species mitigation licence applications. These services help applicants take appropriate account of

environmental considerations at an early stage of project development, reduce uncertainty, the risk of delay and added cost at a later stage, whilst securing good results for the natural environment.

For further information on the Discretionary Advice Service see [here](#)
For further information on the Pre-submission Screening Service see [here](#).

Good afternoon,

Change of use of building from Class E to residential to form 4no flats, consisting of internal changes to the floor plan.

Please find attached the Habitats Regulations Assessment for the above proposed development.

I look forward to receipt of Natural England's comments.

Kind regards,
Caroline
