Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Totally unsuitable location. Burgess Hill is on the Gatwick airport final approach path. A 30m tall tower would therefore be unwise. There are also many family homes in the vicinity and one of the largest primary schools in the county - concern over radio wave/emissions. The area is also close to Bedelands Nature reserve and the mast would totally spoil the vista for the surrounding areas

Kind regards
