Details of the pre-application advice received

Further to a concern raised by a third party Tanya Leete attended our property to assess whether any further action needed to be taken in respect to the shed which has been erected mainly in our garden and partially on our own car parking spaces. Following the visit she provided us with the following advice/options.

She advised that whilst all land that the shed has been erected on is owned by us, the car parking spaces are not included in the curtilage of our property which we had not been aware of. She provided us with the following options to remediate the issue.

1. Move the shed into the garden, which would cease the breach of planning control.
2. Submit a householder planning application to retain the shed.
3. Take the shed down.

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
