Dear Mr Gosling

I write with regards to the above planning application that has been lodged with the Council.

As previously advised in my e-mail of 20th October 2017, as part of the application site includes highways land, I am unable to determine the application until certificate B has been submitted and written notice has been served on the Highways Authority. Please be advised that I am unable to determine the application until this has been done and therefore the application will be made invalid until this is received.

I would be grateful if you could confirm how your client wishes to proceed. As discussed, the local planning authority is unable to support the application as currently proposed and therefore your client may wish to withdraw the application.

Please do not hesitate to contact me should you wish to discuss further.

Kind regards

Debbie.
