Planning Application → DM/24/3077

Location: Sussex House, Perrymount Rd
Haywards Heath

Dear Susan Dubberley,

I feel
extremely strongly that the buildings
at Sussex House should not
be demolished and a new
superstore built on account
of the TRAFFIC problems →

①
→ ~~over~~

which already ² exist. I use
Plymouth Road a few
times each day and the
traffic is often at a
standstill ^{during the day & evening} and completely
blocked ^{at} the moment. There
is nothing that could be done
to improve the situation. The
roundabout is often completely
blocked and the entrance to
the station.

Another supermarket would
make the situation impossible,
and Plymouth Rd, the roundabout
& the station entrance would
be permanently blocked.

There would not be economic
benefits from building an Aldi as
we already have Sainsbury's
and Waitrose, which are sufficient.

By building this new
Superstore it would completely
destroy the existing outlook,
~~and~~ be very difficult for
all the buses and taxis
that use this area, when
we know that the traffic
problems are very difficult
already.

This area is already very
noisy and the building of another
foodstore, with all the increased
cars and people would make
it even noisier and create
more disturbance.

I implore the ~~Gov~~ Mid Sussex
District Council to turn down
this application and not ruin
this part of Haywards Heath
with TRAFFIC problems. Yours faithfully
