Ref. DM/24/2409

Dear Katherine Williams,

I have lived in the village of Slaugham for 42 years and oppose the application for a house to be built on agricultural/horticultural land within an area of outstanding natural beauty. At a previous planning meeting the plans were unanimously opposed to by local residents, Slaugham Parish Council and Mid-Sussex District Council. There are no schools, doctors, shops or daily transport available near the village. Nothing has changed

Yours sincerely,
