Hi Katherine

Comments on the above discharge of conditions application.

Condition 5: Details of enclosure

The details submitted are acceptable

Condition 6: Soft landscaping and biodiversity

In terms of heritage impact the details submitted are acceptable with the exception of a species mix for the native species hedge, to ensure that this is an appropriate mix of species for the locality and not, for example, a single species, which would give an inappropriately formal appearance. I imagine the Council's ecology consultant will have a view on the adequacy of the information provided in other respects.

Thanks,

Emily

Please note that this advice is given at Officer level only and is without prejudice to the formal decision of the District Council.
