Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	More houses built in an area which cannot support them, let alone being in such a lovely wildlife area, this would be a shocking decision.

There are already lots of houses being built between hassocks and burgess hill without relevant support for things like schools, dentists, doctors around them meaning that even more people will need to drive along Keymer road to get to these places.

Adding further houses increases this concern and will likely cause further traffic issues around this area.

We are so lucky to have a nature reserve, let's not demolish it for more houses. Hassocks is already under strain, as is Keymer road and the mini roundabout at folders lane. I sincerely hope this is considered and rejected again.

Kind regards
