

59 Hammerwood Road
Ashurstwood
East Grinstead
RH19 3TH
14-11-2025.

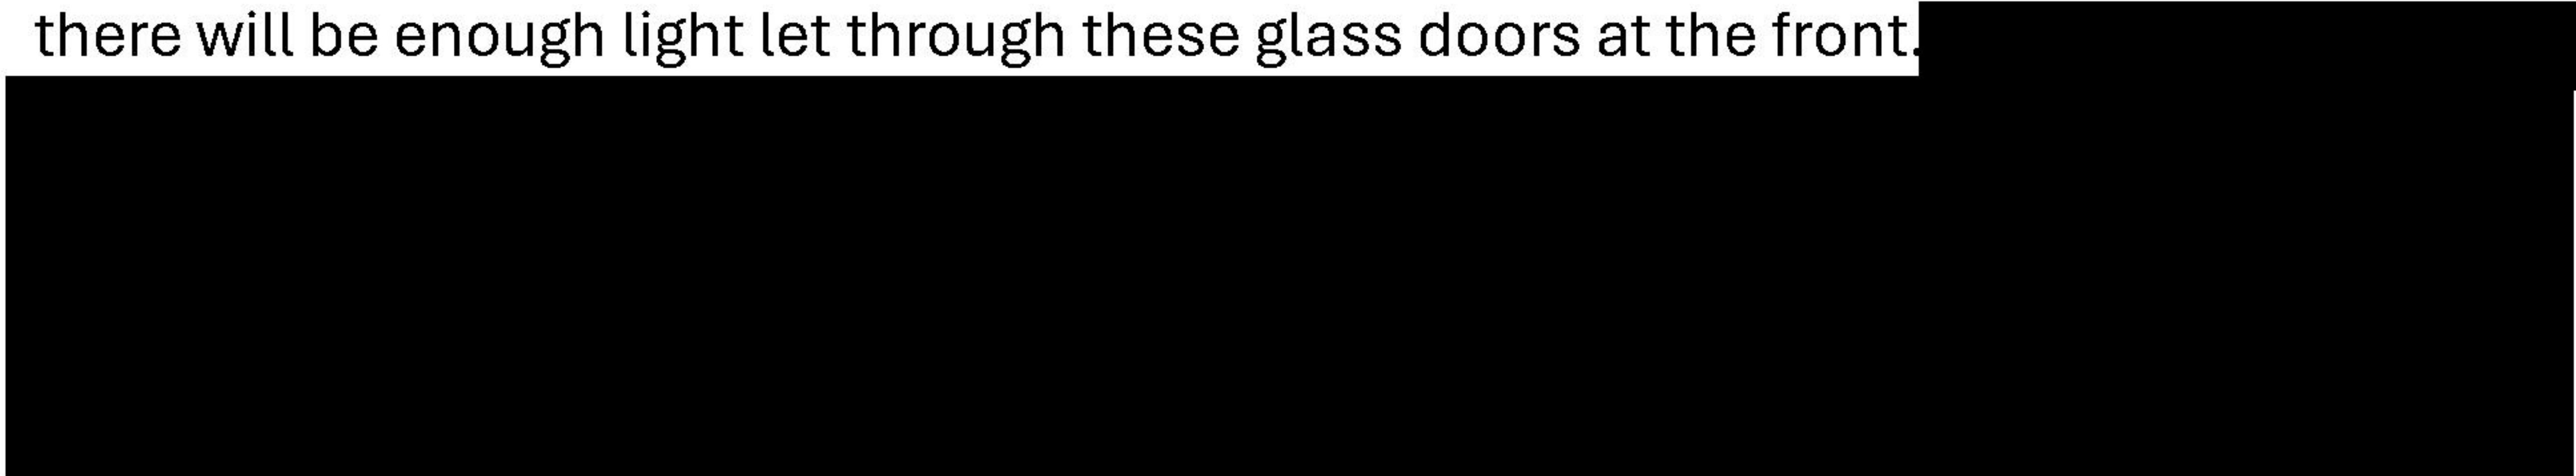

Dear Hamish Evans

With Reference to Application Number: DM/25/2797 and address: 14 Woods Hill Close, Ashurstwood, East Grinstead, West Sussex. RH19 3RJ.

I Object to the above planning application on the following grounds:

1, The proposed elevation has a Window and Door facing my property, looking directly at number 59 Hammerwood Road. Shown on the side elevation.

As the proposed application already has what looks like by fold doors and windows on the front of the building I see no reason to have an additional door next to my property, there will be enough light let through these glass doors at the front.

2, The front of the proposed extension protrudes past the existing curtilage of the row of houses, this is only going to produce less parking space and ultimately they will be parking in the turning circle at the bottom of the road, stopping anyone from turning around.

3, I have grave concerns on how the removal of the current Asbestos roofing over the existing garage will be carried out safely so as not to contaminate me or my land or any other residents.

4, There are currently Birds nesting in the existing side wall of the building every year, it would be terrible to ruin their habitat.

5, There is no detail of the planned soffit or fascia and how maintenance to their building is to be performed if the building is to come within 50mm of the boundary. The current building is an eyesore and no maintenance is ever carried out causing the brickwork to fall into my garden.

If you need to contact me on the above matter you can reach me at  since I have not received your postal letter.

Yours Sincerely
