[REDACTED]

Hello Wendy,

Apologies I missed the first email/letter.

The owners of 1 Overton Shaw would like the works to be completed as the oak tree has quite a lot of dead wood within it, they have young children that play in the garden and are concerned of falling debris, also, the size of the tree is imposing, getting close to the property and taking a lot of light from the garden and house.

These are the reasons they would like to do the works to the tree.

Kind Regards,

[REDACTED]
