Address	

TPO Details

Further Details	
Are you seeking consent for works to tree(s) subject to TPO	No
Are you wishing to carry out works to tree(s) in a conservation area?	Yes
If you know which TPO protects the tree(s), enter its title or number	
Please identify the tree(s) and provide a full and clear specification of the works you want to carry out	my property is located within a designated conservation area, and i need to request permission to remove two small to medium-sized trees situated along an external boundary wall. The wall is approximately 10 feet high, with soil built up almost to the top on my side and none on the neighbour’s side. In order to carry out essential repair works, all of the soil on my side will need to be removed. The wall has developed a significant crack, and a structural builder has advised that two trees, one holly and one hazel will need to be removed in order to carry out the work. Furthermore as are growing on the very edge of the wall they are likely to be contributing to the damage. It is important that the trees be removed to prevent further structural damage. Once the wall repairs are completed, I intend to replace the trees with suitable new plants / trees as this increases privacy and reduces noise from traffic to from hurst

Additional Information

ADDITIONALINFORMATION	
For all trees	
Sketch plan clearly showing the position of trees listed in the previous question	trees on wall.png (download)
For works to trees covered by TPO	
Please provide a reason why you wish to perform these works	i have two small / med sized trees to be removed in order to carry out essential brick work to the retaining garden wall. 1 hazel and one holly.
