Dear Andrew,

RE: DM/26/1732 – Unit 1 And 2 6 Crescent Way Burgess Hill West Sussex RH15 8RH.

Thank you for your consultation on the above site. We have reviewed the application as the drainage consultant acting on behalf of the Council and wish to make the following comments.

The applicant is applying for the proposed change of use of first floor commercial units (Use Class E) to 2no. self-contained flats (Use Class C3).

Following a review of the submitted information we note that post development there will be no change to flood risk and surface water drainage. Therefore, due to the site, size, location, and type of development **we have no objection on surface water and drainage grounds.**

Yours sincerely,

Flood Risk and Drainage Team
