Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	It is not obvious what has changed in the latest plan, however it does not address the objection previously shared which is as follows. We object to the application on the grounds of overlooking / unacceptable loss of privacy for Ancient Farm (neighbouring property). The proposed design includes upper floor windows on the north side of the property which would create a significant loss of privacy to our neighbouring property, Ancient Farm. The proposed north facing, upper floor windows are directly

overlooking the house and grounds of Ancient Farm including swimming pool. Whilst the existing hedging will provide privacy protection from the ground floor windows, no such protection will be possible from the upper floor windows. Out of the three upper floor windows on the north side of the property, two appear to be bathroom windows which should (if allowed) be subject to a planning condition requiring obscured glazing and the third, (largest) window is a bedroom window that should not be permitted (note the same bedroom has another window facing east).

Kind regards
