Ref Application No: **DM/26/0682**

Dear Steven,

Regarding the above planning application, please can you ask the applicant to submit the street view C-D for parcel 4.

Other street scenes for parcel 4 are included in the Design and Access Statement 5

This street scene is the one that will be looking directly at our, and our neighbour's properties and it seems completely remiss NOT to include them in this application.

Is that because by showing this particular street scene it will be completely evident that the proposed houses will have a significant overbearing impact and loss of outlook to existing residents?

To be able to make accurate comments we need ALL the relevant information so please ask the applicant to submit this street scene as a matter of urgency.

Regards
