Attachments: Sample Application Drawings.pdf

Dear Mr Fiveash

Re: Invalid Application and Up date

Thank you for your Email, we look forward to receiving your amended plans soon. I attach a guidance sheet which may help with your drawings and submission.

With regard to the roof line I mean the porch roof outline from the floor plans as it misleading

Kind Regards

You don't often get email from Fiveash@gmail.com. [Learn why this is important](#)

Hi Claire Bulmer

I am updating my application in line with your request for more accuracy.

Regarding item 1

I have added indication of doors and windows in the floor plans of the ground floor. I have added a note to the plan indicating the frosted window in the proposed ground floor plan.

Regarding item 2

I purchased a new map.

Regarding item 3

I am unsure which roof to be deleting. Do you mean the porch roof from the front elevation or the house roof elevation?

I thought it best to be as sure as possible before re submitting

Thanks

Thank you once again for your patience.
