Hi Hamish,

Given the comments received I recommend that a condition be applied to ensure drilling only happens between 09.00 and 17.00 Monday to Friday to protect the amenity of neighbours.

Kind regards,

Hi Hamish,

As discussed, to judge any possible impact on the amenity of local residents I need to understand the process of drilling and also how water will be transferred.

For example, how long will drilling take, what are the noise/vibration implications and, once the well head has been fitted, what is the mechanism for filling the pool.

Please will you ask the developer for further information.

Thanks,
