Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I object to your proposal to fell the tree. Oaks support a great deal of biodiversity, and are probably the UK's most valuable species in that respect. If the tree is felled, the local environment will be biologically poorer as a result. There will also be a loss of amenity value in the area as the general appearance will be degraded. We have already lost some mature poplars, and the remaining ash trees are threatened by ash dieback.
-----------	---

The planning application offers no explanation as to why it is necessary to fell the tree. It is also not clear as to which tree is

involved. I cannot find from the tree reference number which tree is proposed for cutting.

Kind regards
